

Electronics Manufacturing is Different. So is Zebra's Purpose-built Portfolio.

Expedite workflows, protect against counterfeiting and ensure quality control

Electronics manufacturing doesn't fit the typical mold. You need durable devices to get the job done, but you also need precise ones purpose-built for small components. From scanning tiny, dense barcodes or laser-etched direct part marks to printing micro labels with minimum pitch to accessing information on the go, depend on Zebra to provide your proven, integrated electronics solution — including durable scanners, printers and tablets, along with quality supplies and premium service.

Make it Simple. One Brand, One Vendor, One Solution

For all your technology, service and support needs.

Zebra's scanners, printers, mobile computers and tablets are purpose-built for your environment to empower your team to work faster and smarter. Pair Zebra Printers with Zebra Certified Supplies to print small labels with exceptional print quality and tight registration, and also protect the life of your printhead. Ensure those labels scan the first time, every time, by pairing with a Zebra scanner designed to read the barcodes common throughout your operations/production line. Protected by Zebra OneCare™, you're covered with service from the source. Be more productive with Zebra at your side.

Create your integrated, productive solution:

 <p>Streamline workflows to gain efficiencies</p>		<p>Access data anywhere for smart decision making</p> 
 <p>Enable correct, agile assembly</p>		<p>Prevent counterfeiting</p> 
 <p>Print crisp micro labels for electronic parts</p>		<p>Integrate and manage with ease</p> 
 <p>Scan tiny barcodes or direct part marks without positioning</p>		<p>Protected by Zebra OneCare™</p>
 <p>Ensure quality control and identify parts for audits</p>		

Zebra offers many integrated manufacturing solutions, purpose-built for the electronics industry.
